SUPPLEMENT 1 TO THE CALL OF THE 37TH OTDK
ARTS AND ART THEORY SECTION

The data sheet/abstract

Students must upload the text of the datasheet/abstract to the OTDT online system in the text box provided. Only the main text needs to be uploaded, as the other details — title, author(s) name(s), institution, supervisor(s) name(s), etc. — are generated by the OTDT online system based on the institutional TDK record. (The institutional TDK records are submitted by the TDT Chair/Responsible of the respective higher education institution, certified by the Chair of the Session Panel — thus, the data displayed here can only be modified after special review!)

The OTDT online system will automatically format the uploaded text, so please enter the text without formatting and without line-ending hyphenation. Please use a new line to indicate the segmentation. The maximum length of a body text with spaces is 2,500 characters. The data sheet/abstract **should include a brief overview (maximum 500 characters) of the student's own attributed results.**
If the language of the TDK paper is not Hungarian, the data sheet/abstract must be uploaded in the language of the TDK paper, except when a Hungarian native speaker submits a foreign language TDK paper. In this case, the data sheet/abstract must be submitted in Hungarian, regardless of the language of the application.

Please select special characters from Symbol font for the data sheet/abstract. Tables, graphs and figures must not be included in the text.

Once you have uploaded your text, check it carefully on the **confirmation page** and save it only afterwards. This format will be used to print the data sheet/abstract of the TDK paper. The final format uses 12-point font size, Times New Roman CE font, single line spacing, justified alignment, continuous text, and 3 cm margins on all sides.
